

POWER & CONTROL TRANSFORMERS

Reliable Transformers has been producing Power and Control Transformers for more than 27 years. We have hundreds of thousands of these transformers in the field in all types of environments.

We can custom design our products to your specific requirements and we offer a very short turn-around time on prototypes as well as on large quantities.

Our products are subjected to stringent quality control and we boast an exceptionally low failure rate.

| AVAILABLE OPTIONS | |
|--------------------|---|
| Enclosures | <ul style="list-style-type: none"> Open Type (No enclosure), Ventilated Enclosure (IP54) Sealed Enclosure (IP65) <i>(other options available on request)</i> |
| Winding Material | <ul style="list-style-type: none"> Copper Aluminium |
| Insulation Class | <ul style="list-style-type: none"> Class B, Class F, Class H, Class C. |
| Standard Fittings | <ul style="list-style-type: none"> Mounting Holes, Terminal Boards, Rating Plates. |
| Optional Fittings | <ul style="list-style-type: none"> Primary to Secondary Screens, Polycarbonate Terminal Covers, Temperature Switches, Enclosures, Rectifiers, Smoothing Capacitors. |
| RANGE | |
| KVA | 10VA – 250KVA |
| Primary Voltages | 1 – 1000V. <i>Other Voltages available on request.</i> |
| Secondary Voltages | 1 – 1000V. <i>Other Voltages available on request.</i> |
| STANDARD TESTS | |
| Electrical | Winding Resistance, Winding ratios & Vector, Load Loss, No-load Loss, Winding Resistance, Voltage Injection test. |
| Mechanical | Visual Inspection. |

POWER & CONTROL TRANSFORMERS

Quality

Our name says it all. We have been producing top quality products for more than 27 years and will continue to innovate and improve our products to ensure that you, the customer, get the best value for your money.

Solid designs and hundreds of thousands of units in the field make our products a safe and *reliable* option when choosing transformers for your application.

Warranty

Our warranty covers any defective workmanship and/or materials for a period of 12 Calendar months from the date of purchase.

Proudly made in South Africa

Our products are proudly designed and manufactured in South Africa.

Reliable Transformers has been supplying the South African market and beyond with transformers for more than 27 years. We understand the harsh African conditions and through constant innovation and R&D we have developed ranges that will outlast even the toughest conditions.

Reliable Transformers is a name you can depend on.
